

Hands on Advocacy Training

**Do you want to be a part of advocating for yourself?
For Children and Families?
For Schools and Education?
For Services that support your family?**

**Are you scared, intimidated or just unsure?
Come learn how it all works!**

Come to our **Hands on Training** at the Capitol. We'll meet, share information and training with you, and take a tour of the Capitol! You will learn where everything is, find your legislators office. We will also visit a hearing so you can observe, listen and understand the process!

**If you've always wanted to know what a day at the Capitol is like,
come and find out!**

You'll have experienced advocates who will help walk you through and show you the ropes! This is not a day of action, but a day of education! This is a great way to get affiliated with the Capitol and with the process! Hope to see you there!
